

SENATE REPUBLICANS WIN COMPLETE VICTORY

DEFEAT DEMOCRATS IN A SEVEN HOUR BATTLE

Permanent Rules and Standing Committees as Approved by Republican Caucus are Adopted—Day's Work Practically Completed Organization of Senate.

Springfield, Ill., March 17.—Republican members of the senate with the support of Senators Brodick, Carroll and Sullivan of the Democratic side waged a seven hour battle in the senate today, which ended in a complete victory. The permanent rules of the senate were adopted and the standing committees were named, both in the form in which they were approved by the Republican caucus.

May Out Democratic Appointees.
The days work practically completes the organization of the senate. It is expected however, that the Republicans will finish the job tomorrow by ousting all the Democratic appointees, who have been on the temporary roll and substituting a Republican slate, which may include the naming of James H. Pad dock, veteran secretary of the senate, for his old place. A disposition is evidenced among the Republicans to leave Senator Stephen D. Canaday of Hillsboro in the office of president pro tempore of the senate. It is still possible however, that he will be ousted and a Republican named in his place. Under the permanent rules adopted today the number of standing committees of the senate is reduced from fifty-one to twenty-six. Two years ago every member of the senate was given one chairmanship. This year there will be just one chairmanship for each Republican senator in event the Republican contestants for seats in the eleventh and twenty-third senatorial districts are seated as anticipated. Senator Kelce, Democrat, retains the chairmanship of the elections committee which was named some time ago.

Introduce Anti-Treating Bill.
After spending most of today's session in adopting committee reports which provided for small appropriations for the salaries of minor employees forty-five new bills were introduced in the house before the body adjourned. An anti-treating bill, which prohibits saloon-keepers from selling liquor to any person to be drunk on the premises of another, was introduced by Representative Flagg, Republican of Morris. The measure would require the posting of three placards reading "Treating is Forbidden By Law," in each saloon and provides a fine of from \$20 to \$100 or imprisonment in the county jail from ten to thirty days or both in case of violation.

Saloon keepers whose licenses have been revoked are given the right to appeal to the county courts under a bill introduced by Representative Mitchell, Democrat of Chicago. Representative George H. Wilson, Republican of Quincy, offered a measure which would permit residents of residence anti-saloon territory to have one gallon or more of liquor delivered to their homes for their own use or for the use of their families.

All judges would be nominated and elected on non-partisan ballots under a bill by Representative McCormick of Chicago. The measure provides for separate judicial ballots.

Voters who are away from home on election days would be permitted to vote by mail on special ballots, under a bill offered by Representative Foster, Democrat of Illinois, under a bill offered by Representative Carl Green would permit county judges to conduct bar examinations and would require a jury trial for the disbarment of attorneys.

The house refused to suspend its rules for the immediate consideration of a senate joint resolution commending President Wilson and congress on their strict neutrality in connection with the European war.

ILLINOIS COUNTY FAIRS ASSOCIATION ELECTS

Springfield, Ill., March 17.—Illinois County Fairs association in session here today elected the following officers: Pres.: Len Small, Kankakee; Vice-Pres.: C. H. Averell, Libertyville and Secretary, F. H. Kroh, Anna.

The association recommended that every exhibitor at county fairs furnish a certificate of health for animals entered as a precaution against the spread of the hoof and mouth disease.

NOTICE IS SERVED ON JAPAN BY RUSSIAN AND BRITISH ENVOYS

Inform Foreign Minister if Japan Persists in Demands it Would Be Difficult for Allies to Negotiate Diplomatically With Her.

Peking, China, March 17.—Official information reached Peking today that the Russian and British ambassadors at Tokyo called upon Baron Takaaki Kato, Japanese foreign minister, on Saturday and informed him that if Japan persisted in pressing upon China demands beyond those contained in her original communication to the powers it would be difficult for Japan's allies to negotiate diplomatically with her in the future.

It is understood that on the same day the United States acting independently, although possibly after consultation with another power, informed the Japanese government that certain of the Japan demands were not in consonance with treaty agreements between China and the United States.

Admit Exerting Influence.
Washington, March 17.—It is admitted by state department officials that since the beginning of the negotiations between China and Japan the United States government has quietly been exerting its influence to have the Japanese demands ameliorated and to prevent any infringement of the rights of America either through treaty or provisions of general international law. These representations have been made in Washington to the Japanese ambassador as well as in Tokyo and Peking. Officials here have refrained from making public any of the various steps the United States has taken in the course of these negotiations to safeguard American interests. Regarding the situation as delicate, they preserved the same attitude today when shown the latest news despatches from Peking.

POLICE HAVE ANOTHER SUSPECT IN AURORA MURDER MYSTERY

Aurora, Ill., Mar. 17.—Hal Burke, brother of Clarence Burke, recently released for lack of evidence to connect him with the slaying on Feb. 25th of Miss Emma Petersen, was locked up by the police tonight after a woman had identified him as the purchaser of a pair of woolen gloves similar to those found at the place where the girl was killed with a piece of gas pipe.

Mrs. Catherine Franke said she saw a man buy a pair of cheap knitted gloves in a store shortly before Miss Petersen was slain. A glove was found on the body of the girl and another was picked up near the gas pipe with which the girl was slugged.

While Clarence Burke was held by the police, Mrs. Franke said he looked something like the man whom she saw buy the gloves. Today Hal Burke, recently released from a sanitarium, was taken to police headquarters and Mrs. Franke was positive that he was the man. Edward Smith, a clerk in the glove department of the store mentioned by Mrs. Franke, said he thought Burke was a customer but did not remember selling him any gloves. There is no charge against Burke and he said he could prove his innocence.

BRITISH STEAMER LEUWARDEN IS SUNK BY GERMAN SUBMARINE

Crew is Given Time to Take to Boats, Which Diver Tows Until Pilot Steamer is Met.

London, March 17.—(11:50 p. m.)—The British steamer Leuwarden bound from London to Harlingen Holland has been torpedoed by the German submarine U-28 four miles southeast of the Maas, Holland light ship according to Reuters Maasius correspondent. The crew is given time to take the small boats, which the submarine towed until a pilot steamer was met. The men then transferred to the pilot boat and then landed at Hook of Holland.

The Leuwarden was a cross-channel steamer of 374 tons and was owned by the Steam Navigation company of London.

States Gunfire Sunk Ship.
Amsterdam, via London, March 18.—(1:55 a. m.)—The Steamer Leuwarden was not torpedoed but was sunk by the gunfire of submarine U-28 according to the Handelsblad's Hook of Holland correspondent. The correspondent adds that the Leuwarden received a signal to stop by two shots from the U-28 which had not been previously observed as she was in shelter behind the Maas light ship.

TAFT LECTURES ON PRESIDENCY

Chapel Hill, N. C., March 17.—The united support of the country for the policies of President Wilson in "this critical period" of the nation's history was urged here tonight by former President Taft in the first of a series of three lectures to North Carolina on the "presidency."

INITIATE CANDIDATES.

Athens Camp R. N. A. held their regular meeting Wednesday night at which time five candidates were initiated. The camp is in a very flourishing condition. After the working social hour was enjoyed and light refreshments served.

CLAIM SUCCESSES FOR ALLIES IN THE WEST

FRENCH STATE BELGIANS CONTINUE TO IMPROVE THEIR POSITION

England's Replies to American Notes Contain No Surprises for London—Expect Protest—Austrians Are Said to Have Suffered Defeat in Bukovina.

London, March 17.—(10:10 p. m.)—Sir Edward Grey's replies to the American notes on the use of neutral flags on British merchant vessels and the prohibition imposed upon foodstuffs destined for Germany, in which for the first time Great Britain definitely announces her intention to establish a "blockade" have again brought the diplomatic question to the front. The replies, which were published here with the American notes, contained no surprises, for beyond the use of the word "blockade" which heretofore has been avoided their terms have been for the most part known. The assurances that neutral shipping will be interfered with as little as possible and that neither ships nor cargoes will be confiscated it is felt here should go a long way toward meeting the American objections. However, another protest is expected. Even these diplomatic questions on which so much depends only momentarily distract attention from the battles on the eastern and western fronts, the operations against the Dardanelles and the action of German submarines, which secured additional victims today.

Continue to Improve Position.
According to the French communication the Belgians continue to improve their position in Flanders and the French to the north of Arras and in Champagne have added enemies to their guns which are of some importance. The French and German official communications are so contradictory that it is difficult to decide whether any change is being made generally in the dispositions of the two armies.

The optimism which pervades the western allies is shared by the Russians. All the Petrograd correspondents of the London papers lead the public to believe that big events are impending. It is apparent that the Russians again, and not the Austrians are on the move particularly at Smolensk, on the river San where it emerges from the Carpathians, while in Bukovina, according to unofficial dispatches from Bucharest, the Austrians have been defeated in a battle which has been raging along the entire front. In northern Poland isolated actions are being fought, the big battle which was expected having apparently been called off or postponed because Field Marshall Von Hindenburg is thought to have attained his object when he extricated his forces from the forest of Augustowo.

Russ Take Turkish Port.
The Russian Caucasian army is working along the coast of the Black Sea and has taken the Turkish port of Archava and repulsed the attacks of the Turks who are still operating on the fringe of Russian territory.

By publishing a casualty list tonight the British admiralty confirmed the reports from Athens that the Cruiser Amethyst made a dash into the Dardanelles and was struck by a number of shells. It is presumed here that Vice-Admiral Carden sent the cruiser on this risky mission along the straits and which the allied fleet had not destroyed when they bombarded the forts.

There is considerable speculation as to the negotiations which are reported to be taking place at Sofia. The king of Bulgaria today received the minister of the allies, the Roumanian minister and General Sir Arthur Baget, who is returning from a mission to Russia. The possibility of Bulgaria and Roumania simultaneously intervening in the war is suggested, the former accepting the offer which Greece declined.

TESTIMONY IN TRIAL OF COOK AND MADDEN IS COMPLETED

Case Will Go to Jury Today After the Government Summons Up Its Case—Both Defendants Take Stand.

New York, March 17.—Testimony in the trial of Richard Madden and Gustave Cook, accused of aiding Richard P. Stegler, German naval reservist to procure a false American passport, was complete today. The case will go to the jury tomorrow after the government sums up its case. Madden and Cook both took the stand today in their own defense and entered general denial to all the material allegations in the government charges and swore that the testimony given against them by Stegler as the government's witness, was untrue. Madden, who was accused by Stegler of furnishing him his birth certificate to enable him to procure the passport in Madden's name, denied ever seeing Stegler. He swore that the certificate in question had been stolen from him by three Germans named Hen, George and Oscar, while he was in an intoxicated condition. He had procured the certificate for his own use he said. His counsel intimated that the three were working for Stegler. Summing up for the defense counsel characterized Stegler as a "traitor to his country who had an ambition to be a spy, but who had lost courage at the last moment and had tried to profit by the situation by selling his story to newspapers."

DECLARES ORDINANCE INVALID

Chicago, March 17.—Efforts of the city administration and reform organizations to prohibit public dancing in hotels and cafes was dealt a blow today when Municipal Judge Courtney ruled that the city ordinance prohibiting general dancing except in licensed hall invalid. A test suit was brought by two downtown hotels to determine the validity of the ordinance. It is said the city will appeal the case to the higher courts.

FILE NOTICE OF APPEAL FROM DECISION OF JUSTICE PAGE

Thaw's Counsel Believe Action Will Automatically Prevent Their Client From Being Returned to Matteawan.

New York, Mar. 17.—Counsel for Harry K. Thaw today filed in the office of the county clerk notice of an appeal from the decision of Supreme Court Justice Page refusing to grant a motion to return Thaw to New Hampshire, whence he was extradited to stand trial for conspiring to escape from the state hospital for the criminal insane at Matteawan. This notice of appeal it was believed by Thaw's counsel, automatically would prevent their client being returned to Matteawan until the appellate division was reviewed the motion.

The notice of appeal, it was said, was a precautionary measure designed to keep Thaw out of Matteawan in the event of the habeas corpus proceedings brought in his behalf being dismissed. Upon this writ Thaw will be produced on Friday before the supreme court justice who signed it. It was this writ which prevented the slayer of Stanford White from being removed to the insane hospital after the flourishing condition. After the motion to return him to New Hampshire had been denied.

MARSHALL LEAVES FOR FRISCO

Chicago, March 17.—Vice president Thomas R. Marshall left Chicago at 7 o'clock tonight for San Francisco and other cities on the Pacific Coast. Besides Mr. and Mrs. Marshall the party included Mr. and Mrs. Franklin Roosevelt, Senator Phelan of California, Secretary of the Interior Franklin K. Lane and Mrs. Lane, Mr. and Mrs. Owen Winton, Mr. and Mrs. Livingstone Davis.

War News Summarized

From one end of the long battle front in Belgium and France to the other Belgians, French, British and Germans are fighting bitterly for strategic points, preparatory to the great effort which is bound to come when the roads are dry. The numbers have been brought up and the men are ready.

The nature of the more or less isolated struggles which are now going on can be imagined from the losses both to the Germans and British during a few days fighting around Neuve Chapelle. The German casualties, according to General French numbered in the neighborhood of 18,000. An official list issued by the British war office gives the number of British officers killed in these operations as 112 with 193 wounded or not accounted for. The losses among the men are believed to be large, numbering, it is estimated, about two thirds of the German losses.

French successes are reported in Champagne, particularly around Perthes, where trenches have been captured as well as a height which dominates a large section of ground.

In an attempt to regain this height a Landsturm regiment, supported by the guard, delivered a violent counter attack in which, according to the French account, there were few survivors.

The Russians in Poland are conducting an active campaign along both banks of the Orzyo river, but they are being met by the Germans with equally hard blows. The official communications on these results are meagre in details.

Three submarines at various times endeavored to torpedo the Anchor Line Cameronia in her trip through the Irish Sea to Liverpool from New York. The German underwater craft however, have succeeded in torpedoing three additional steamers. A Dardanelles dispatch reports the loss of three mine sweepers and one sailing vessel and considerable damage to a British cruiser in the fighting in the straits. The British admiralty announces that 23 men were killed and 37 wounded on board the cruiser Amethyst, last Saturday.

NEW TRADE COMMISSION MEETS WITH PRESIDENT

MAPS OUT A PROGRAM OF "CONSTRUCTIVE HELPFULNESS"

Chairman Davies Announces Probable of Common Selling Abroad Maintained by Many Foreign Corporation Will Be Begun Immediately.

Washington, March 17.—A program of what Chairman Davies characterized as "constructive helpfulness" for the new federal trade commission was mapped out tonight at a long conference at the white house between the members of the commission and President Wilson. It was the first formal meeting between the president and the commissioners since they organized this week.

To Probe Selling Agencies.
Following the conference Mr. Davies announced that the commission would begin immediately the investigation, authorized by the law creating the body, into common selling agencies abroad maintained by many foreign corporations with the view to a report on same.

The bureau of corporations which was automatically merged into the new commission already has carried on a general investigation of foreign business methods.

The possible use of the commission as a tariff commission for the collection of facts relating to the cost of production of commodities in this country and abroad suggested by President Wilson in a speech at Indianapolis recently was not taken up at tonight's conference. Members of the commission in outlining their policy declared they had no idea of starting out on a campaign of annoying or harassing business. On the contrary Mr. Davies and other members said the chief aim will be to map out as clearly as possible as time passes the ways in which corporations engaged in interstate business may conduct their business in conformity with the anti-trust laws.

Will Work in Harmony.
Chairman Davies declared that the general theory underlying the law was discussed with the idea of bringing out the object sought to be obtained by it. The section applying to unfair business practices which the commission is empowered to investigate was gone into thoroughly. It was emphasized that the commission will work in harmony with the department of justice and the courts in carrying on its work.

All the members of the commission Joseph E. Davies, Edward N. Hurley, Will H. Parry, William J. Harris and George Rublee—were present at the conference. Several of them had not met the president before.

OLDFIELD WINS ST. PATRICK'S GRAND PRIX AUTOMOBILE RACE

Carlson Finishes Second and Ruckstell Third—Aged Spectator Has Leg Severed.

Venice, Cal., March 17.—Barney Oldfield won the 300 mile St. Patrick's Grand Prix here today. William Carlson was second and George E. Ruckstell third.

The official time was: Oldfield, 4:24:09.5; Carlson, 4:24:43.3-5; Ruckstell, 4:27:22.5.

Nineteen cars started and twelve finished.

Not once during the race did Oldfield stop. He was fifth at the ninety second lap, then forged by Dave Lewis and Eddie Hearne, who were forced to give up the lead owing to engine trouble, and finished the ninety seven laps with Carlson close behind him.

Marquis' car going seventy miles an hour, struck J. N. Ortiz, an aged spectator, severing his left leg. Surgeons said Ortiz probably would recover.

REPORTS EXPLOSION SINKS GERMAN CRUISER KARLSRUHE

LONDON, Mar. 18.—(2:05 a. m.)—Reuter's Copenhagen correspondent sends a story of the sinking of the German Cruiser Karlsruhe taken from the Stiffstide which asserts that it obtained the story from an authoritative source.

According to the story the crew of the Karlsruhe were having tea one evening when a sudden explosion broke the cruiser in two. One half of the vessel sank immediately, carrying down part of the crew with it. The other half floated for some time which enabled about 150 to 200 men to be rescued by an accompanying steamer. This steamer reached a German port with the survivors who were sworn to secrecy concerning the sinking of the cruiser.

PREPARE TO DEFEND MATAMORAS.

Brownsville, Texas, March 17.—Carranza forces are preparing to defend Matamoras, Mexico, opposite here against a Villa force reported to be headed in that direction with intentions of establishing a port of entry on the Texas border. General E. P. Nafarrete, commanding the garrison has thrown up breastworks 12 to 15 feet high on three sides of the town and is placing his artillery. He is reported to have at least twenty-five machine guns and at least half a dozen field pieces.

TESTIFY ROBERTS DEMONSTRATED PLAN TO CHEAT MAN OUT OF VOTE

Witness Also States Saloon and Gambling House Keepers Were Ordered to Contribute to Defense Fund for Present Trial.

Indianapolis, Ind., Mar. 17.—That Mayor Donn M. Roberts demonstrated with a voting machine a plan to cheat a man out of his vote if it were not "right"; that saloon and gambling house keepers not only contributed to the campaign funds but were ordered to contribute to a fund raised for the defense in the present trial and that there were more repeaters than legal voters in one precinct was testimony adduced today in the trial in the federal court of the Terre Haute election case. Two women, Mrs. S. C. Stimson, a state suffrage leader, and Mrs. Mary Rose were among the witnesses. Elmore Conover and Benjamin M. Beard, Democratic election inspectors, testified that Mayor Roberts touched the lever operating the election machine. He also demonstrated that said that if the lever were raised six or eight inches the vote would not be registered but the man would think he had voted. On cross-examination Conover, who is one of the 88 who have pleaded guilty, denied that he suggested the plan instead of Roberts.

MESSAGES INDICATE BREAK BETWEEN VILLA AND ANGELES

Two Despatches Are Received by the San Antonio Peace Convention—State Angeles Heads Independent Party.

San Antonio, Tex., Mar. 17.—Two messages received today by the San Antonio Mexican peace convention committee indicate a break between General Villa and General Felipe Angeles with the latter heading an independent organization or party. One message came from Monterey in which Angeles is quoted as saying:

"I fully realize that in the pacification of Mexico tactics different from those of Villa have been and are now employing must be adopted. Guarantees to foreigners and natives must be enforced absolutely. Another message says a break between Villa and Angeles has been precipitated by the members of the Madero family insisting upon the execution of certain persons designated as enemies to the former Madero administration to Villa who has the support of the Maderos.

Angeles is reported as having replied that he guaranteed protection to these and other Mexicans.

ARREST GERMAN CONSUL ON CONSPIRACY CHARGE

Allege Diplomat Attempted to Corruptly Influence J. MURDOCK

Seattle, Washington, Mar. 17.—Dr. William Muller, Imperial German consul at Seattle, and his secretary, B. M. Schulz, were served with notice of arrest today at the consulate. They are charged with conspiracy in attempting to corruptly influence John Murdock, an employee of the Seattle Construction & Drydock company, by inducing him to sell business secrets of his employers.

Detective is Implicated.
Consul Muller and his secretary are accused by the state of Washington of offering Murdock a cash consideration to supply them with information bearing out Ambassador Bernstorff's charge that the Seattle corporation was shipping knock-down submarines to the British government via British Columbia. The information against the German representatives filed by County Prosecuting Attorney Alfred H. Lundin jointly charges them and Dan Tarniski, a free lance detective, with conspiracy.

Consul Muller denied tonight that he had any agreement with Murdock or the detective to purchase anything nor did he arrange to have them steal papers from the construction company. He declared that Tarniski approached him with the information that submarines were being built here for the British navy, but that he had dealt with the detective only so far as it was necessary to determine if there was truth in the report. The consul expressed confidence in a prompt dismissal of the charge against him.

Murdock and the detective were arrested last night on a joint grand larceny complaint and were detained at the county jail until this morning when Murdock, who will be held by the prosecutor as the state's principal witness, was released on \$1,000 bail. The warrants for the arrest of Consul Muller and his secretary were served on them through the consul.

Murdock has been employed as assistant shipping clerk at the plant of the Seattle Construction and Drydock company for two years. In a statement to the prosecuting attorney he said the negotiations for the delivery of the information said to have been sought by Consul Muller were pending when he was arrested. He had originally demanded \$1,500 he said but later agreed to accept \$1,000.

FRENCH MAY PURCHASE CARGO OF COTTON ABOARD THE DACIA

PARIS, Mar. 17.—(4:40 p. m.)—The French foreign office, it is understood, has decided to buy the cargo of cotton aboard the steamship Dacia, which was seized by a French cruiser and taken into Brest while on a voyage from the United States to Rotterdam. The cotton is valued at about \$750,000 and it has been proposed by the owners of the vessel that the French government purchase the cargo. The disposition of the ship must be left to a prize court.

Captain George McDonald, master of the Dacia, arrived here today and it is the intention to remain until the prize courts proceedings are ended.

C. C. P. RAUSCH TESTIFIES

Chicago, March 17.—C. C. P. Rausch, assistant general freight agent of the Missouri Pacific-Iron Mountain system, testified today in behalf of the railroad's petition for an increase in rates on broom corn, among other commodities of two cents a hundred pounds on shipments from Colorado, Western Kansas, Oklahoma, northern Texas and eastern New Mexico to the east.

AEROPLANE ATTACKS STEAMER

South Shields, Eng., via London, Mar. 18.—(2:29 a. m.)—The British Steamship Elondra arriving here today reports that she was attacked in the North Sea by a German aeroplane which dropped a bomb on the deck of the vessel. One member of the crew was killed.

"Pape's Diapiesin" Digests Food
When Stomach Can't—Cures Indigestion.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapiesin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how bad, if your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach, so you can eat your favorite foods without fear.

Most remedies give you relief some times—they are slow but sure. "Pape's Diapiesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back. You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Advertisement.

Gov. Dunne's St. Patrick's day address at Cincinnati, teemed with what might be termed the "new patriotism." The governor urged all hyphenated Americans to aid the administration by refraining from all public expression of views with relation to the European war.

Rightly Gov. Dunne points to this course at the present time as the duty of each American. Upon the faithful self control and upon the faithfulness with which they follow the advice to refrain from discussing the war issues and "taking sides" just so will they aid the president in steering the ship of state among the dangerous rocks which are just below the water line.

An unbridled tongue is about man's worst enemy and what could be said of a nation which so far forgot its own safety and that of others committed until it as to add "fuel to the flame" by undue comment and discussion. "Our country, right or wrong" but let us all try common sense, hyphenated and pure bred make honest effort to aid the officers of the government at least by silence, when silence is the thing most needed.

CIVIL SERVICE AND OTHER DAY

There are those who while approving of some of the principles of civil service do not believe that such utopian times have arrived in the state institutions as one might think from the following in the Jacksonville Courier.

"The most hopeful and progressive step ever taken by the state in connection with its institutions was that taken when the civil service principle was applied to their administration.

"It would be disastrous to go back. It would upset the service. It would demoralize the service. It would turn the service into a political mess that soon would emasculate the institutions and render them mere hotbeds of scheming and bickering and party nastiness—just what they were before they were cleansed."

The language too of the final sentence is not justified by the facts and casts undeserved reflection upon the administration of some of the most efficient superintendents, local state institutions have ever had. Political activity was the exceptional, rather than the usual thing and while civil service has brought some improvements in service, in some departments, it has served to hamper the superintendent and make it more difficult for him to have good and efficient service rendered the state.

Under civil service and state board of administration rulings, for example, it is possible for the institutions here to draw certain classes of employees only from a given list of nearby counties. Civil service amended, may give promise of better things but the past is not wholly dark and unsavory.

SPECULATING ON CANDIDATES.

Chicago leaders of the Republican party have gone so far with their state making in connection with the next gubernatorial nomination that whole tickets are now being outlined. The boom for Col. Frank Lowden seems to be taking on some large proportions according to his friends who say that the prohibition given his candidacy has stepped Homer J. Tice and John G. Oglesby from getting into the game. The Lowden men in their talk suggest John G. Oglesby for lieutenant governor; L. L. Emerson of Mt. Vernon for secretary of state; Homer J. Tice of Greenville for treasurer and Samuel Ettelson of Chicago for attorney general. The state it is said may also include a favorite son for a presidential candidacy and the choice will fall between Senator Sherman and Congressman James R. Mann.

Col. Frank Smith of Dwight has not yet formally announced his candidacy but is expected to open up headquarters in Chicago before many days as he has been there recently for a series of political conferences. Here in Jacksonville people have seemingly lost temporary interest in an election which is but four weeks in the future so it is safe to predict that the people down state are not going to get much excited, for a time at least, about an election to be held more than eighteen months hence.

Don't miss debate Fri. Eve.

I. W. C. FRESHMEN MAKE FIRST FORMAL APPEARANCE.

Yesterday forenoon the fifty-five freshmen of Illinois Woman's college attired in their colors, white and green, marched into the chapel for their first formal appearance as the class of 1918. They sang a song composed by one of the members to the tune of "The Weir in the Green." As they reached the platform a large white and green banner of the class was slowly raised. The class song, adapted to the "Soldiers Chorus" was followed by the class hymn, sung by the entire student body.

FRANK P. VICKERY IS WINNER OF FRED GILBERT TROPHY CUP

Takes Silver Souvenir of Great American Trapshooter With Score of 97—Alexander Club Will Hold Trophy Shoot Today.

Frank P. Vickery with a score of 97 won the Fred Gilbert silver cup trophy Wednesday at the all day shoot given by the Nichols Park Gun club. Masters made the best continuous record with 55 straight targets. There was a good attendance of members and visitors and excellent scores were made in the doubles and 15-bird events. Today an all day shoot will be held by the Alexander Gun club. The twentieth anniversary of the entrance of Fred Gilbert of Spirit Lake, Ia. into the trapshooters' fraternity is being observed the country over and it is estimated that more than five hundred gun clubs are taking part.

Following are the scores in the trophy shoot:

Following are the scores made in the six 15-bird events: Magill, shot at 75, hit 59; Henry Strawn, 75—64; J. W. Barre, 175—156; Greenleaf, 75—61; Gilbert, 45—36; Vickery, 75—53; Robertson, 75—60; Masters, 75—71; H. Obermeyer, 30—16; Knollenberg, 60—47; J. E. Martin, 30—22; Craig, 40—34; Meany, 30—17; James 25—9; Davis, 30—16; Cody, 65—36.

In the doubles the scores were: Craig, 40—28; Magill, 40—10; C. A. Obermeyer, 40—14; Vickery, 40—26; Gilbert, 20—8; Masters, 20—11, and Goebel, 20—8.

WINCHESTER

Sperry-Albert Wedding.

The marriage of Miss Frances Louise Sperry of Winchester and Mr. Arch G. Albert of St. Louis took place Tuesday noon at the home of the bride's parents, Mr. and Mrs. Robert Sperry. Immediate relatives and friends only were present to witness the ceremony, said by the Rev. C. W. Chasey, pastor of the Methodist church. An elegant wedding luncheon was enjoyed by the guests after which the young people left via the south-bound Burlington for St. Louis to make their home.

The bride is a graduate of the Winchester high school and has always made that city her home. She is a young woman of charm and talent and will receive the best wishes of a large number. Mr. Albert is an architect by profession and a young man of excellent habits. Both will receive the hearty congratulations of many friends.

Ladies' Aid Social.

The Ladies' Aid society of the Baptist church entertained a good sized company Tuesday evening at the church building and an evening of more than ordinary pleasure was enjoyed by the guests. The event was a "sock social" and the proceeds from the money enclosed in the miniature hostess sent out with the invitations reached the sum of \$37. Excellent refreshments were served at the conclusion of the program.

Winchester Personals.

Carl Smith of Normal, Ill. arrived Wednesday night for a visit with his parents, Mr. and Mrs. A. C. Smith.

H. Sears of O'Fallon was in town on business Wednesday.

John Morris of Naples was a business caller in Winchester yesterday.

Bert Clark, who recently put a larger window in the front of his store and made other improvements left Wednesday for St. Louis to make purchases for his business.

Mrs. Julia Mure Wednesday said her residence property east of the Mader mill to Miss Mary Collins, consideration, \$2,500.

DAVID PRINCE SCHOOL NOTES.

At the chapel exercises of the David Prince school Wednesday the members of the debating team were present and all spoke of the coming debate Friday night. Miss Mabe Cowdin, the trainer also being heard in a short talk. Following this there was a call meeting of the David Prince Literary and Athletic association. Arthur Green, who is athletic manager for the Illinois society, had resigned on account of his family moving out of the city and Lyle Wiant was elected to succeed him.

A framed picture of the Featherweight basketball team composed of Lester Cornick, Fred Wharton, Russell Bennett, Herald Stewart, Edward Alexander, Harry Fernandes was the object of a gift. The team was called to the platform and Lester Cornick in well chosen words presented the picture to the Literary society of the David Prince school and the same was hung in the principal's office.

Richard Reynolds, president of the high school literary and athletic organization, was present and made some remarks and invited the president of the David Prince organization to attend their meeting next time and report on the work the graders are doing in their literary organizations.

"SHAUN AROON" GIVEN SPLENDID PRESENTATION AT FRANKLIN

Irish Play Presented by Schools of Sacred Heart Parish Pleased Large Audience.

An audience that taxed the seating capacity of Olinger's Opera House at Franklin was present Wednesday night to witness the Irish play "Shaun Aroon," presented by the young people of the Sacred Heart parish. The play is in three acts and is an interesting story affording ample opportunity for the various performers to display their ability on the stage. Everyone did remarkably well and the audience was not slow in showing their appreciation of the efforts of the young people.

Irish jig and Spanish fancy dancing was interpreted by Miss Gretha Gorenso of Springfield. Irish ballads and other songs were given by a talented quartette of Decatur young people consisting of Misses Irene Wiefel, Margaret Muleady and Messrs. Thomas and Edward Hayes.

The following was the cast of characters:

Shaun Aroon, a roving fellow with a light purse and a lighter heart—T. J. Luby.
Lord Fermoy (disguised as "Bad Andy"), a good-hearted landlord—Charles Ryan.
Fergus Riordan, Fermoy's rascally agent—Richard Whalen.
Dan O'Grady, a sturdy old farmer—Dennis Whalen.
Tom O'Grady, his son—Paul Halre.
Old Hennings, a money-lender—Carl Bergschneider.
Nipper, a detective—Andrew Johnson.
Patrick, a servant—Joseph Seaver.
Mrs. O'Grady, Dan's wife—Miss Dorothy Lukeman.
Molly, his daughter—Miss Loretta Bergschneider.
Maggie, a maid-servant—Miss Katherine Johnson.

FLORETH COMPANY

BRILLIANT RECEPTION

J. Herman, Jacksonville's Popular Ladies' Ready-to-Wear and Millinery Merchant, Presenting Style Exhibit Worthy of Great Credit.

The capacity of the entire floor space was thronged by hundreds of ladies, attracted by the gorgeous display and reception tendered to the public yesterday and was a great compliment to the Hermans. Creations of the master art of ladies' wearing apparel and millinery were splendidly arranged for inspection and never in the history of Jacksonville have style, shows and exhibit feasted the eyes with a more beautiful sight and only words of high praise were heard. For more than fifty similar events in this city trying to out do previous similar occasions the Hermans surely at this time achieved a superiority of skill in presenting such a vast collection of desirable and sensible lines of merchandise specially low priced within the reasonable demands of a buying public as is the good fortune mutually for the interested parties.

Always a delight to the public was the thoughtfulness of the Hermans to entertain the many visitors by a continuous classical and popular musical program under the direction of Mr. Drake, first violinist of Drake's renowned orchestra. The floral decorations from the well-known Harry Hofmann Floral Co. were evidence of talent and judgment. The hospitality of the Hermans as is well known was appreciated by the large number of visitors who felt perfectly at home and no stiffness was noticeable as is the custom at usual receptions.

The increasing business demands constant communications with the metropolitan markets and as the Hermans are awake to the occasion and known as tireless toilers for trade added attractive garments and millinery will be a feature for the most careful students of dress frequently to visit the Herman establishment for the requirement of the very newest ideas of woman's apparel and millinery. As is well known Herman's celebrated millinery produced in their own workrooms is equal to any in the country. In eulogizing the standing of the Hermans, the responsibility, excellent service, promptness, trustworthiness and honest representation of everything with lowest prices on all ready-to-wear garments and millinery will command the approbation and patronage of all and be a fitting tribute to the increase of trade earned by industry and attention to business by Mr. Herman and his associates.

Good debate, good music, Fri.

HORSE FEEDERS

WOOD'S IMPROVED GRAIN SOFTENER Pat. Jan. 8th, 1915.

We find after several tests on feeding horses, softened grain with all its strength retained in it, is the best feed for a horse that can be fed. It keeps them in a healthier condition, and they will drive better, do more work, look better, beside we save one-third the feed. I will furnish one plant in each town, one on 30 days free trial to prove my claims, and I will furnish one of my plants in each county, on 30 days free trial to prove it is the best cattle feed, and the slop of the mush fed cattle the best hog feed. A little soda is good for all classes of stock; helps them digest their feed. I ask all cattle feeders and horse feeders to try one.

2 gallons of corn with the cob in it cooked will make all any steer can eat, and gain 3-1/2 to 4 pounds per day, if clover is fed with it in dry lots.

1 gallon with the cob in it makes a day's feed for a horse.

1 gallon corn with ground clover in it feeds a hog a day.

MERCHANTS SPECIAL DISPLAYS BROUGHT MANY VISITORS

Stores and Business District Crowded During Afternoon and Evening—Stocks are Declared Most Extensive and Handsomest for Years.

A great throng of people, made up of local residents and those from the country districts and nearby counties, accepted the special invitation extended by local merchants Wednesday to inspect their lines. The goods and stocks were attractively displayed and the general opinion was that the merchants have purchased liberally this year and have chosen well. Evidently they are anticipating a good year and have prepared for it. In a number of stores in addition to the special decorations there were musical programs and in all a most courteous welcome was accorded. Mention is made of a part of the displays and there were others of equal merit.

Passing about a throng was observed pouring into the ever popular establishment of J. Herman, where millinery and ready to wear goods were on display. As is always the case in this place fine music was supplied and the elegant stock of goods could not fail to attract all and the attention to all corners was assiduous and gratifying.

The double attraction, dry goods and millinery of the Florenz company, naturally drew a large number and both up stairs and down the stream of visitors poured and kept the clerks busy from morning till night. In both departments the display was fine and all who called were truly delighted. There are many new things in both departments and the selections were duly admired.

Johnson, Hackett & Guthrie store was very attractive. One specialty was their Hoover cabinet and it was placed at the front while the array of carpets, furniture and all manner of attractive goods in the house furnishing line was one calculated to please the most exacting. The stock of rugs and carpets is unusually complete and all other lines are up to standard.

You had to watch your chance to get into the S. S. Kresge Co., 5 & 10 cent store the jam was so great and all were pleased with what they saw.

In the windows of Hoppers' shoe store was a fine display of handsome footwear and it was much admired. While the grown ups were examining the goods the little folks patronized the playground and all were happy.

The fact that F. J. Waddell & Co., had added millinery to their already large line of goods, ready to wear was enough to draw an unusually large number of callers and had it not been for the fact that the place has three floors the stream of visitors could hardly have been accommodated. The new millinery department was visited and admired and the array in the show windows was creditable.

Mrs. M. Hoover was at home in her millinery store and had her share of callers who were loud in their praises of her goods.

Of course the big windows of Brady Bros. Hardware Co., were watched for something fine is always sure to be seen there and this time was no exception. All the goods in the great store were arranged for sight seeing and had a host of admirers.

Another jam was evidenced in the 5 & 10 cent store of the F. W. Woolworth Co., for when people can get nice things for 5 & 10 cents they will buy.

It was very evident that H. J. & L. M. Smith had made no mistake in changing their location for their millinery store. All day the opinion expressed was the same; elegant and attractive. The clerks and proprietors were kept busy all day attending to the wants of their many callers.

The old and reliable south side millinery store of L. C. & R. E. Henry was well decorated on this occasion and the goods shown there were fine and up-to-date. All were delighted with the display and were not at all slow to say so in positive terms.

The Frank Byrns hat store has been recently renovated and put in fine and perfect condition fit for the reception of the goods of such an enterprising establishment. Mr. Byrns' stock of men's furnishing goods was never more complete and attractive and the show windows were truly fine.

The Illinois Stock Exchange also came in for its share of attention and had many callers during the day and all were pleased.

All steps were naturally turned toward Hillerby's dry goods store for that place is sure to contain something desirable and such as is wanted and at the same time in good variety. Mr. Hillerby has scanned well the markets and his place showed the result and his host of visitors lost no time and expressing their appreciation.

A very attractive place was the dry goods store of C. J. Deppe & Co. This firm has an unusually fine store room, well lighted, new and up to date and the stock is in keeping with the goods and the force in keeping with the stock. Mr. Deppe has paid much attention to the wants of this market and the trade he enjoys shows his success.

A Wehl was not forgotten for while the ladies had few attractions there the men and boys found plenty to admire.

The clothing establishment of Lukeman Brothers had a new and large spring stock on hand ready for exhibition in clothing and furnishing goods. Their show windows were tastefully arranged but the prime attraction was during a part of the afternoon when a bevy of little folks paraded in the window showing children's clothing.

Tom Duffner Co., came in for a

share of attention to the clothing trade and with a good stock and polite gentlemen to show it they had plenty of callers from city and country and all went away well pleased with what they saw.

F. J. Garland & Co., also exhibited a good stock of clothing and furnishing goods and all who entered the store were well pleased with the display and attention received. The house knows how to buy and to sell.

Myers Brothers, clothiers, always have accomplished window dressers and yesterday their art was well employed. The windows are large and ample and afforded fine opportunities for the arrangement of samples of the great stock carried by this enterprising house. Yesterday they had both callers and customers in abundance and must have been satisfied when night came.

Anyone passing J. Burger's shoe store would have seen that on the north side shoes of good quality can be obtained at fair prices.

S. S. Knoles is always on deck with a stock of clothing and men's wear and his display yesterday attracted large throngs and all were pleased for they know they always get fair treatment there.

Nobody could get by T. M. Tomlinson's clothing store without looking in and seeing the fine display. The windows had recently been dressed and presented a grand appearance. Mr. Tomlinson has a fine force of salesmen and they fully understand their business and his stock was well shown.

The great house furnishing store of Andre & Andre was of course visited by great throngs all day and the show windows, always so tastefully dressed shone out in their finest yesterday. Antique furniture and various attractions occupied the space while within all were busy waiting on the hosts of customers and callers all day long. This enterprising house carries an immense line of goods and all were superbly displayed yesterday and attracted many callers and much admiration.

What to wear on the feet was solved by the establishment of Mathis, Kamr & Shibe, shoe dealers who are on hand at all times. The firm makes a constant study of how to buy and naturally selling is easier under such circumstances. The new spring stock was well displayed and fine looking.

Harmon's dry goods store always at the front, was in fine condition yesterday for while conducting a special sale the regular business was in no wise interrupted and the display of fine goods was truly admirable and attracted great numbers of callers all day. The spacious show windows were used to the utmost and showed skill of no small order in their arrangement.

The James McGinnis shoe store was not forgotten and came in for a good share of attention during the day and had a good display.

The old, reliable, dry goods and ready to wear house of Phelps & Osborne was resplendent in its new stock and neat, tidy store rooms. This store is always well to the fore with the latest and best the markets furnish and with careful and intelligent buying commands a large trade. The show windows and stock generally were attractive.

Mrs. O'Neil, the East State street milliner, had a good display and a large number of callers who were well pleased with the show of goods.

Mrs. Beerup, opposite the Woman's college, also had a millinery display which attracted a good many callers and they were unanimous in calling the display highly creditable.

The ever popular Emporium had windows replete with samples, elegant and desirable, while inside the large stock was arranged in fine shape worthy of the occasion. Millinery fit to suit the tastes of the most exacting, ready to wear garments and other goods all were seen and duly admired by large throngs.

The Jacksonville Tailoring company at their place on East State street had a fine array of piece goods in their windows and the many visitors and passers by all admired what was exhibited. The new goods are now in and make a fine appearance on the shelves and the persons of many customers.

The Arcade furniture establishment had a pretty show window and many attractive goods inside. The business of this house has grown steadily since it was established.

FUNERALS

Mapes.

Brief funeral services were held for Ira Milton Mapes at 10 o'clock Wednesday morning at the home of Miss Ellen Mapes, sister of the deceased, 1216 South Church street, and were in charge of Rev. W. A. Boyd in the presence of the family and many friends of the deceased. After the close of the services the remains were escorted to the Ebenezer Church four miles northwest of the city, where more extended services were held in the presence of a large assemblage of friends and neighbors of the family. The services were conducted by Rev. W. A. Boyd, pastor of the church, who chose as the foundation of his remarks the last clause of Isaiah 61:2, "**** to comfort all that mourn". The singing of hymns fitting the occasion was by a quartet composed of Mrs. Eliza Beth Martin, Mrs. James Martin, C. A. Rowe and E. A. Williamson. There was a profusion of beautiful floral tributes of affection and sympathy which were cared for by Mrs. Ida Shaw, Miss Nana Daniels, and Mrs. L. H. James.

The bearers were Charles Black, Ira M. Bunce, Edward Williamson, David T. Heimlich, John Shaw and John Hall. Interment was made in the family lot in the cemetery adjoining the church lot.

Hillerby's opening continues until Saturday. Same attractions for Thursday and Friday. Safest Place to Trade.

CALOMEL SALIVATES.

Calomel makes you sick and you lose a day's work. Calomel is a nasty, dangerous chemical. To live your sluggish liver and bowels when constipated, headachy, bilious, just get a 10-cent box of harmless Cascares. They work while you sleep, don't gripe, sicken or salivate—Advertisement.

SOAP IS BAD
FOR THE HAIR

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulford coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulford coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

It's Dr. Edwards' Olive Tablets
For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coax the jammed bowels back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistence and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 30c and 25c per box. All druggists. The Olive Tablets Co., Columbia, Mo.

OLD JACKSONVILLE

Morgan County

By Ensley Moore.

Member of Illinois State Historical Society.

It may be a little late to say so, but Jacksonville needed a county to be in, even before it was laid out as a village.

There have been some articles published regarding Morgan county, within the past year or two, but they may not have had enough detail of the early and formative days of this region of country.

Be it known therefore, that, after its descent from St. Clair, one of the two first countries of the territory of Illinois, and Madison, one of St. Clair's babies, and Greene, a baby of Madison, at last Morgan was born through state legislation.

The law creating the county was enacted Jan. 31, 1823, under the gubernatorial reign of Edward Coles, second governor of Illinois, from December, 1822 to December, 1826. At the organization of the state senate Thomas Lippincott, father of our Julian P. Lippincott, was elected secretary of that body. Samuel D. Lockwood for years afterward a resident of Jacksonville, coming here in 1829 and removing in 1833—was chosen secretary of state of Illinois.

As then constituted Morgan county had an area of 1114 square miles, according to John M. Peck; according to Moses' statement of the present size of Morgan, Cass and Scott it had an area of 1275 square miles. The population was over nineteen thousand in 1835, according to Moses, in his history of Illinois. There are today four great counties in Illinois as to area: Champaign with 1094 square miles, population 51,826; Irons with 1109 square miles, population 35,543; LaSalle with 1152 square miles, population 90,132; McLean with 1161 square miles, population 67,843. If Morgan had remained as first cut out it would, according to Moses, have been the largest in area of any county in the state, and would today have a total population of 61,859 people; all these quotations of population being from the U. S. census of 1910. Under Morgan had 34,420, Cass 17,372 and Scott 10,067.

What a splendid domain wouldn't that have been; larger than the state of Rhode Island. Then the commanding influence such a county might have wielded in the legislation of the state, instead of having its power frittered away as little counties used to fill up to constitute a legislative district.

Think of the saving to the three counties for so many years by having but one, and that a central county seat, with one court house and one set of county officials, and with county expenses generally for one instead of three counties. Then the county would not have to be a mere secondary power, if any, in a grouping for legislative apportionment, based on needs, importance and population.

But, for some reason, a part of Morgan was taken off in 1837 to make Cass county, and a few years later the "three mile strip" went the same way. And, in 1839, Scott county was set off.

In one of the early legislatures Jacksonville and Morgan got the School for the Deaf, because this county had a commanding vote in the body which decided the matter, in part at least.

Peck's Gazetteer of Illinois, printed by R. Goudy, Jacksonville, 1834, was designed to attract population to the new state. Speaking of Morgan county, Dr. Peck said: "The Illinois river washes its western border; Indian, Mauvaisterre, Apple, Sandy, and several smaller creeks rise within its borders, and pass through it, furnishing many good mill sites. (There was a mill at Nichols Park, and another out at Allinson's).

Morgan is destined to become one of the richest agricultural counties of the state. In 1821, the tract embraced within the limits of the county, contained only twenty families. In 1825 the population was 4,952, in 1830 it was 13,281, and now (Feb. 1834) is estimated at 25,000 (which was a little off, as usual).

It is well proportioned into timber and prairie, well watered, and contains many extensive and well cultivated farms. In this county are more than thirty mills for sawing and grinding, propelled by animal or water power. Seven large steam mills are in operation, and two more have been commenced, and will be finished the present year.

Improved farms, in the populous part of the county, sell for from eight to fifteen dollars per acre; several towns and villages have been commenced besides Jacksonville, which are in a thriving condition.

Emigration, attended with industry and enterprise, in a few fleeting years, has changed a region that we have seen in all the wilderness of uncultivated nature, into smiling villages and luxuriant fields, and rendered it the happy abode of intelligence and virtue.

Morgan county is in the advance of other counties in those enterprises which tend to form habits of virtue, and ennoble the deathless mind. It has a vigorous Bible society, with branches in several settlements; a Sunday school union, with about seventy Sabbath schools. An equal number of common schools are taught a portion of the year during the week. Temperance societies exert an influence in many settlements. The Illinois college

is noticed in its proper place.

Morgan county belongs to the first judicial circuit, sends four members to the house of representatives, and two to the senate. The seat of justice is Jacksonville.

Mr. Peck would, no doubt, be glad to know that the temperance cause still has its upholders in Morgan, and that in "the seat of justice" women are beginning to be allowed to vote.

Dr. Peck made this statement about an animal not always esteemed as it might be—and really deserves, as long as its feet are on terra firma: "Mules are brought into Missouri and find their way to Illinois, from the Mexican dominions. They are a hardy animal, grow to a good size, and are used by some both for labor and riding."

Speaking of the mules' aristocratic brother, the horse, Peck remarks: "Horses are much more used here than in the eastern states, and many a farmer keeps half a dozen or more. Much of the traveling throughout the western country, both by men and women, is performed on horseback; and a large proportion of the land carriage is by means of large wagons, with from four to six stout horses for a team. A great proportion of the plowing is performed by horse labor."

Morgan county as such was organized out at Swinnerton's Point, about what is now called Allinson's, seven miles west of Jacksonville, on the Naples road. After the staking out of Jacksonville as the county seat in 1825, "the first courthouse was built in Jacksonville, in the year 1826. It was a frame building set on blocks sawed from a round log, and cost \$450. That house was located on the northwest corner of the public square now called the Park." It was burned (accidentally) Dec. 6, 1827, and most of the county records with it. To supply its place another courthouse was built, in 1829 in the southwest quarter of the Park, about where the cannon is now. The building was of brick, and cost about \$4,000. It was taken down in 1870, when the present courthouse, corner of West and West State streets was occupied.

It is probably well, in this connection to give the names of the early county officials. It is done from a list prepared by Hon. F. J. Heintz, then county clerk, and was published in an issue of the Journal in Dec., 1902.

The terms of offices have changed somewhat in length, and in other respects the official duty had been changed, under the different constitutions of the state and the statutes passed under them.

When the county was formed Dennis Rockwell was appointed its first officer, so he became county clerk and served until 1837. Mr. Rockwell sprang through early Morgan as a good follower of Washington in the original government, being "first" in so many things. Best of all, he was one of the first citizens in all good things. Any one wishing fuller details of terms of service, and so forth, can find them in the Daily Journal of about the first of December, 1902. That issue also shows several points regarding the offices. This list, before the reader, is not brought down after the Civil war, 1861.

The county clerks were: Dennis Rockwell, George Reearick, Joseph Hesley, George A. Dunlap, Matthew Stacy and John Traub. Sheriffs: Wiley B. Green, Jos. M. Fairfield, W. B. Green, Samuel T. Matthews, Wm. Grear, Alex. Dunlap, Ira Davenport, Alex. Dunlap, Wm. Grear, (Grear), Ira Davenport, four times, Jonathan Neely, Martin H. Cassell, Cyrus Matthews, Charles Sample, Isaac S. Hicks and Edward Scott. Where names are repeated it means re-election.

Treasurers: Stephen W. Spencer, Jacob Redding, Jacob Redding, Eliza Brown, Joseph Reynolds, John Green, Aquilla Hall, Jacob Redding, John G. Green, Amos G. Phillips, Amos G. Phillips, John Green, Jas. H. Lorton, twice, Wm. G. Johnson, five times, Thomas J. Caldwell, James H. Lorton, three times.

Supts. of Schools: Wm. Thomas, John T. Jones from 1835 to 1843, Joseph J. Cassell, Henry Dusenberry, Henry B. McClure, Henry B. McClure, Horace Spaulding, Willis Catlin, Newton Bateman, Newton Bateman and John T. Springer.

Probate Judges: Milton Ladd, Aaron Wilson, thirteen years, Pro-Stacy, D. Pat Henderson, Mathew Stacy, D. Pat Henderson, Mathew Stacy, twice. County Judges: Jas. Berdan, Jas. Berdan, Joseph J. Cassell and Sidney S. Duncan. There were recorders and circuit clerks, and county commissioners and surveyors and coroners, but the Heintz list does not give them. A more or less accurate list of these, and of those in the Heintz list was published in the Journal about the same time as the Heintz inventory.

While it is bringing this article down a little in time, it may be well to state that the present courthouse has been occupied since 1870. It was built in the era after the war, when times were flush and money plenty, and many counties paid dearly for their "temples of justice." Some of them were monuments of injustice to the taxpayer. Macoupin got the worst of any. But our building was had at a reasonable expense, and is yet a credit to the county. County Commissioners Herbert G. Whitlock, Stephen Dunlap and John Hardin, all of whom were called

"Judge" were in charge of the improvement.

In the earliest days of the settlement of Morgan county there were a few names which continued prominent for many years, and the history of the county could not be written without them. There were Seymour and Elisha Kellogg, first of all, with their families, coming in 1818, the year of our statehood; Murray McConnell was another, as was Dennis Rockwell; the Deatons were here very soon; so were the Reeves and Jordans and Morions and Carsons and Barions. These among the earliest, and there were others, but it is hard to remember or determine who they all were, and just when they came. But the Wyatts were early enough to set up a claim to having furnished the first boy born in the county; the Wyatts that Col. Wm. J., and the Hinrichsens belonged among them.

Whom was Morgan county named for? Who else could a balliwick destined to be so militant and influential be named for rather than Gen. Daniel Morgan, of the Revolutionary heroes.

Peck says, "Illinois was a land flowing with milk and honey," and Morgan county, as the white man found it, was a paradise in the paradise of Illinois.

The Illini were fortunate in their name and the men who have followed in their swift and gentle footsteps have been found of the bravest and truest in the domain called Morgan.

CODDLING THE STOMACH.

The So-Called "Scientific" Feeding.

In this 20th century of advancement, people are too apt to listen to new theories and put into practice new-fangled notions of feeding. Not only do adults follow so-called "scientific systems," but they cram down the mouths of their children such scientific soft foods that require no exercise of the digestive organs, and the children are apt to become fragile and their stomachs too weak to take in strength-giving food and be able to assimilate it. This is a horrible condition that no man, woman or child should permit. The muscles of the stomach require exercise just as do all other muscles of the body; neglect them with too much ease and inaction and you raise a dyspeptic. Use a tonic made of medicinal herbs which will stimulate the stomach into greater activity—a remedy which will do this is one which has stood the test of public approval for over forty years, containing no alcohol or narcotic. We refer to Dr. Pierce's Golden Medical Discovery.

It arouses the little muscular fibres into activity and causes the gastric juices to thoroughly mix with the food you eat, simply because it supplies the stomach with pure, rich blood. It's weak, impure blood that causes stomach weakness. Get good blood through the use of Dr. Pierce's Golden Medical Discovery, and you will have no more indigestion.

Sick people are invited to consult Dr. Pierce by letter free. All correspondence is held as strictly private and sacredly confidential.

Know Thyself.

Read all about yourself, your system, the physiology of life, anatomy hygiene, simple home cures, etc., in the "Common Sense Medical Adviser," a book of 1008 pages. Send to Dr. Pierce, Buffalo, N. Y., 3 dimes (or stamps) for a cloth-bound copy. —Advertisement.

AMERICAN BARK PASS OF BALMAHA IS WRECKED; SEVERAL MAY BE LOST

BERLIN, March 17.—By wireless to Sayville, N. Y.—An announcement made today by the Overseas News Agency indicates that a number of men lost their lives in the wrecking of the American bark Pass of Balmaha, which went ashore near Sylt, one of the North Frisian Islands. The announcement says that seven members of the crew were saved by life guards from a coast patrol station.

Carried Crew of Twenty-Eight. Galveston, Tex., March 17.—The Pass of Balmaha reported wrecked off one of the North Frisian Islands sailed from New York for Bremen with cotton January 28th with a crew of twenty-eight, her agents here said today. The Berlin report was the first intimation they had that the bark had been wrecked. She had been held up by British cruisers but later allowed to proceed.

W. R. C. ANNIVERSARY.

The March birthday anniversary social of the Woman's Relief Corps was held Wednesday afternoon at the home of Mrs. Angie P. Weber, 329 West Court street. There was an attendance of over thirty, the good roads permitting of the attendance of quite a number of the members residing in the country. The hostesses were Mrs. Angie Webster, Mrs. Mary Dunavan, Mrs. Annie Vieira, Mrs. Charlotte Gray and Mrs. Margaret Wright. The afternoon was very pleasantly passed in talking over affairs connected with the good of the society and in discussing current events. Excellent refreshments consisting of ham sandwiches, coffee and a variety of appetizing cakes were enjoyed, and a visit made to the basement to see the fourteen incubators in their silent work and the several hundred baby chickens already on hand. 'Twas a happy day's outing for all.

VOICE OF SPRING

The gentle rains are falling, the voice of Spring is calling. "Get busy, sons of men! Old Winter's shed his garment, and every living varmint should look alive again." Get busy with your knitting! This is no time for sitting and dreaming by the stove; all Nature is exclaiming, the idle trifler shaming, "The Spring-time has arrived!" The old gray hen is cackling, for once again she's tackling her great time-honored stunt; she, in her lowly station helps out the hungry nation, as for the eggs we hunt: The mule women in the collar until the galled spots hollow for divers healing salves; the cows are softly singing, as from the woods they're bringing their tall, long-legged calves. It is the time for toiling that pots may all be boiling when Winter comes again; it is the time enchanting when we prepare for planting—get busy, sons of men! The voice of Spring is urging: "It is the time for splurging", so tenderly she sighs: "shake off the sloth of Winter, and hustle like a sprinter who's trotting for a prize!"

ELLA DAVIS DISMISSED BY CASS COUNTY GRAND JURY

Woman Suspected of Complicity in Murder of Annie Trimmer at Beardstown Freed—Goes to the Hospital for Drug Treatment.

Acting upon advice from the sheriff of Cass county Wednesday Sheriff Grant Graff released from custody Ella Davis, who had been held for the Cass county authorities on suspicion that she was an accessory in the killing of Annie Trimmer near Beardstown last fall.

It will be remembered that Ella Davis and Frank Milton were arrested in this city a few weeks ago. They were living in a house on Broadway alley, and at the request of the Beardstown authorities were taken into custody. It was said at that time that the woman had in her possession certain articles of jewelry which the murdered woman wore prior to her death. There were some other circumstances which it was believed pointed to the guilt of the Davis woman as an accomplice. The Cass county grand jury has been in session and it is understood that the evidence against her was not considered sufficient and for this reason the order for her discharge came.

The case against Milton, who is still in jail here, is said to be much stronger, and the Cass county prosecutor believes that he has a strong line of evidence built up against him. The alleged killing took place in a house boat about a mile from the corporate limits of Beardstown. The woman was found floating on the water near the boat and the verdict of the coroner's jury was accidental drowning. A short time after, however, an investigation was started which indicated to the authorities that the woman was attacked by Milton in an effort to secure \$5 from her and that in the scuffle ensuing she was injured in such a way that her death resulted within a short time. The theory was that after finding the woman dead, Milton and those with him decided to place the body in the water in order to cover up their own connection with the affair.

Ella Davis shortly after her release from jail made application to Judge W. E. Thomson for permission to go to Jacksonville State hospital to take treatment for the morphine habit. The petition was granted, and she went to the hospital last night to join a colony of 40 who are already there. From appearances the woman is about 20 years old, and while going through the formalities of making the application in the county clerk's office she said in answering questions that she has taken morphine ever since she was a child—that it had been given to her by her mother. It seems that the mother is also at the hospital for treatment, and that two aunts who have been members of the same household are also addicted to the drug.

The form of application through which drug users may secure treatment free at the state hospital simply sets forth briefly that the petitioners believe he or she is in the early stages of insanity and desires to go to the hospital for treatment. Among others who have gone to the hospital within recent days are Hazel Vaughn and May Wilson of this city, and Harriet Scott of Griggsville.

CARD OF THANKS.

For the kindness and sympathy shown during the illness and after the death of Ira M. Mapes, we wish to express our thanks and gratitude in fullest measure. For the many flowers, also we extend hearty thanks.

EXCITING RUNAWAY.

A runaway team driven by James Finlan caused a good deal of excitement on West North street Wednesday afternoon. Fortunately the animals were stopped before any injury to Mr. Finlan, and the damage to the wagon was not great. He was driving east on North street and near Caldwell street the heavy young horses took fright at something on the boulevard and started to run furiously. The fact that there were several plows in the wagon made the dash a very serious one for Mr. Finlan and he owes his escape to the fact that he was able to keep the horses near the middle of the road until Prairie street was reached, where the sharp turn made it possible for him to drive the animals into the curb and the impact tore all the harness fastenings loose. He was thrown over the seat to the boulevard but landed in such a way that he was not injured at all.

IN JUSTICE DYER'S COURT.
Richard Filkins was arrested Wednesday by Constable J. A. Crum on a state warrant sworn out by Frank P. Nunes on a charge of cruelty to animals. It was claimed that the defendant was guilty of unmercifully whipping a team of mules with which he was engaged in hauling coal and that he had been previously warned not to do it, as he was seen by the complaining witness to raise welts on the team and had caused blood to appear from the effects of the whipping. Mr. Filkins pleaded guilty to the charge and was fined by Justice W. T. Dyer \$2 and costs.

Joseph Bullard, a resident of Waverly was placed under arrest Wednesday by Deputy Sheriff G. L. Kimber on a state warrant sworn out by Wiley A. Jones in Justice Dyer's court. The charge was assault and battery in that he made an assault upon the person of Mr. Jones and inflicted injury to him. Mr. Bullard was brought before Justice Dyer where he pleaded guilty and was assessed a fine of \$10 and costs, a total of \$24.

Ellis Thompson of Arcadia was attending to business in the city yesterday.

The Luxury of a Lewis Six

Seated upon deep, hand-buffed leather upholstery in a car hung upon long under-slung springs, one glides over the roughest roads in absolute comfort. A ride in a Lewis Six is a jarless ride; there is no noise but the soft, rhythmic purr of a perfect motor—scarcely audible. The 135-inch wheel base, the graceful lines adapted from Europe's greatest 1915 cars, are but a few of the many attributes of perfection that are found in the wonderful

DUNNE PLEADS WITH HYPHENATED AMERICANS

SPEAKS AT ST. PATRICK'S DAY CELEBRATION IN CINCINNATI.

States Persons of Foreign Birth or Lineage in America Should Place Loyalty to This Nation Above All Else.

Cincinnati, O., Mar. 15.—Asserting that the European belligerents in tramping on the rights of neutrals had made it difficult to keep the United States from being embroiled, Gov. Edward F. Dunne of Illinois tonight pleaded with "hyphenated-Americans" to aid the administration in the crisis by refraining from the public expression of whatever sympathies they may have with nations at war. Speaking at a St. Patrick's Day celebration of the Irish Fellowship club, Gov. Dunne said that persons of foreign birth or lineage in America should place loyalty to this nation above all else.

He spoke of the pride Irishmen have in the part they took in the upbuilding of the United States and asserted that "at the present, more than ever in the history of this nation, should the citizen of Irish birth or lineage be careful to place his loyalty to the United States above his sympathies with any of the European countries. 'It is now the supreme duty of the statesmen in Washington to keep this country from being embroiled in the conflict in Europe' asserted Gov. Dunne. 'Day by day the belligerents are tramping on the rights of neutrals and making it almost impossible to keep our country from entanglement. In this critical situation, it is the duty of every American citizen to uphold the president in his efforts to preserve peace between this country and the warring nations. Never in recent history was their greater need of moderation, tact, and diplomacy of American statesmen and of loyalty by its citizens.'

"To allow this nation to become engulfed in the European cataclysm would be a stupendous political blunder, if not a political crime, which the patriotic president and the secretary of state will not commit. Let not the American citizens of any race embarrass our officials at this time by public expression of any sympathies or by participating in organized efforts to give contraband assistance to any of the belligerents.

"Hands off for Europe, hands up for America, should be our watchword. Neutral nations in Europe now stand armed not knowing what moment they may be swept into the maelstrom. Separated by three thousand miles of ocean this favored land, under the guidance of President Wilson, will not become involved if he is not embarrassed by acts of misguided sympathy with the belligerents. Let us in this crisis suppress our racial sympathies, place American patriotism above all other consideration and confine our energies to working for the restoration of peace in war-torn Europe."

BOOMING SHELLFISH INDUSTRY

New Orleans, La., March 17.—The National Association of Shellfish Commissioners opened here today its annual convention, and organized a boom of the industry. The succulent oyster and his many cousins, the shrimp, the clam, the lobster and the crab form a big part of the nation's food, and the visitors from the north Atlantic states have come to New Orleans to lend their aid to the encouragement of the industry in the Gulf states. The convention is being held at St. Charles and it was called to order today by W. McDonald Lee, the president of the association. The sessions will occupy three days. Maryland, Rhode Island, Alabama, North Carolina, Massachusetts, New Jersey, Connecticut and Maine all sent representatives to the meeting.

INJUNCTION ASKED TO STOP DEED DELIVERY

L. E. Cohagen Declares He Furnishes Greater Portion of Fund for Purchasing a Home.

A bill for an injunction was filed in the circuit court Wednesday by J. P. Lippincott on behalf of L. E. Cohagen against his wife, Susan J. Cohagen, et al for hearing at the May term. It is set forth in the bill that the complainant is a skilled mechanic who has for years been making good wages, and that he has continually turned his money over to his wife except for certain small amounts retained for his personal expenses. He claims that it was the understanding that from their joint savings later on a home was to be purchased.

The bill sets forth that sometime since Mrs. Cohagen contracted with W. F. Horn for the purchase of the west half of lot 12 in Askew & Springer's addition to Jacksonville, for the sum of \$825. The deed was placed in escrow in the Ayers National bank, and the bill is brought at this time by Mr. Cohagen because he maintains that as soon as a small balance is paid the deed is to be delivered to his wife. He maintains that it was the understanding that the property purchased from their joint earnings should be deeded to them both, and each have an equal interest in the title. In asking for the injunction he sets forth that he understands the law is not made to them both jointly but to his wife alone, and for this reason he is looking for an order of injunction and inhibition, that Mr. Horn and the bank may be estopped from delivering a deed unless said instrument provides that the property transferred gives an equal title therein both to him and his wife. Another suit filed for hearing at the May term is an action for debt in which Alex Purvies is the complainant and Samuel Davenport the defendant.

DID CHILD WAKE UP CROSS OR FEVERISH

Look, Mother! If Tongue is Coated Give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign his little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."—Advertisement.

PLANTS THAT SEE, HEAR AND FIGHT.

Unique Exhibit From Brazil is Shown in New York.

New York, March 17.—One of the most unique exhibits ever seen by New Yorkers is the collection of plants brought from Brazil by Harry J. Black, and placed before the public today in connection with the Third International Flower Show. Mr. Black claims certain of his plants can see and hear, and he says he will demonstrate their fighting abilities.

With his collection are a number of rare orchids valued at more than \$75,000. Mr. Black is a publisher in Buenos Ayres. Assisting him in bringing the queer collection to the United States his friends, Senor Diego Gibson and Senor Ramon Gaceros, the latter a horticulturist from Montevideo, have come to New York.

Mr. Black has spent 27 years in South America and has made many trips into the wilds of Bolivia, Peru and Brazil in search of rare plants. When Sir Francis Darwin, as president of the British Society announced that in plants there exists "a faint copy of what we know as consciousness," few believed it, but Mr. Black says he has indulged in research work that would prove it.

One of the plants shown in his collection folds up its leaves in fright if a sharp noise is made nearby, and is rendered senseless by anaesthetics. Through scents Mr. Black believes the plants express themselves, the strong scents corresponding to low notes and delicate scents to high notes.

Another interesting plant is a species of Jatropha from Colombia, which secretes a poison like a rattlesnake when touched. He also has brought varieties of stinging plants, which have long hairs.

SUFFERED BROKEN LEG.

Milton Spear residing in the vicinity of Waverly was driving a team on a hill when by some means the wagon was upset and he was involved in the wreck and emerged with a broken leg. Dr. Elder of Franklin was summoned and the injured man brought to Passavant hospital where Mr. Hairgrove was called and the doctors gave the wounded man necessary attention.

QUESTION SLAYER'S SANITY.

Harrisburg, Pa., March 17.—The pardon board considered today the report of Dr. Frank Woodbury of Philadelphia, an alienist, who made an examination of Arthur Siemmon, who is in the Wellsboro jail under sentence of death. Dr. Woodbury is secretary of the committee on lunacy of the state board of charities. He went to Wellsboro last month and made an extended examination of Siemmon. The latter was convicted of the murder of his 16-year-old cousin, Ida Christian last July, because she refused to marry him.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing up a mess of mustard, flour and water when you can so easily relieve pain, soreness or stiffness with a little clean, white MUSTEROLE.

MUSTEROLE is made of pure oil of mustard and other helpful ingredients, combined in the form of a pleasant white ointment. It takes the place of the out-of-date mustard plaster, and will not blister!

MUSTEROLE gives prompt relief from Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

Fiery Blood Disorders Checked

The Sources of Disease are Cleaned and Blood Purified

Those who have used S. S. S. marvel at the way it checks blood diseases. See a man today with his skin all broken out; see him again in a week or two after using S. S. S. and he is a wonder to behold, all cleared up, skin healthy, eyes bright, a big smile replaces the frown. What is S. S. S. that can accomplish such wonderful results? First of all it is a natural medicine. Like milk, eggs and other foods that can not be imitated, S. S. S. owes its nature for its power to overcome disease just as food prevents emaciation. S. S. S. is not a combination of prescription drugs. It is a preparation direct from medicinal plants that retains all the vital potency of what we need, what we must have in the blood to counteract those destructive tendencies that assail us throughout life. If it were not for our natural secretions to sustain us, aided by such known helps as S. S. S. there would be small chance of any of us surviving childhood.

Get a bottle of S. S. S. today from any druggist but be careful to avoid the substitutes peddled off on the unwary. S. S. S. is prepared only by The Swift Specific Co., 53 Swift Bldg., Atlanta, Ga., and for private medical advice write briefly your symptoms to their medical department. They will take excellent care of you.

Age is Not the Cause of your hair falling out. It is the condition of your scalp.

Rexall "93" Hair Tonic will destroy the germ which is the cause of this trouble. 50 cents a bottle. Leo P. Allcott.

Chance of a Life Time To Get This Famous \$2.50 Hoosier Kitchen Cabinet

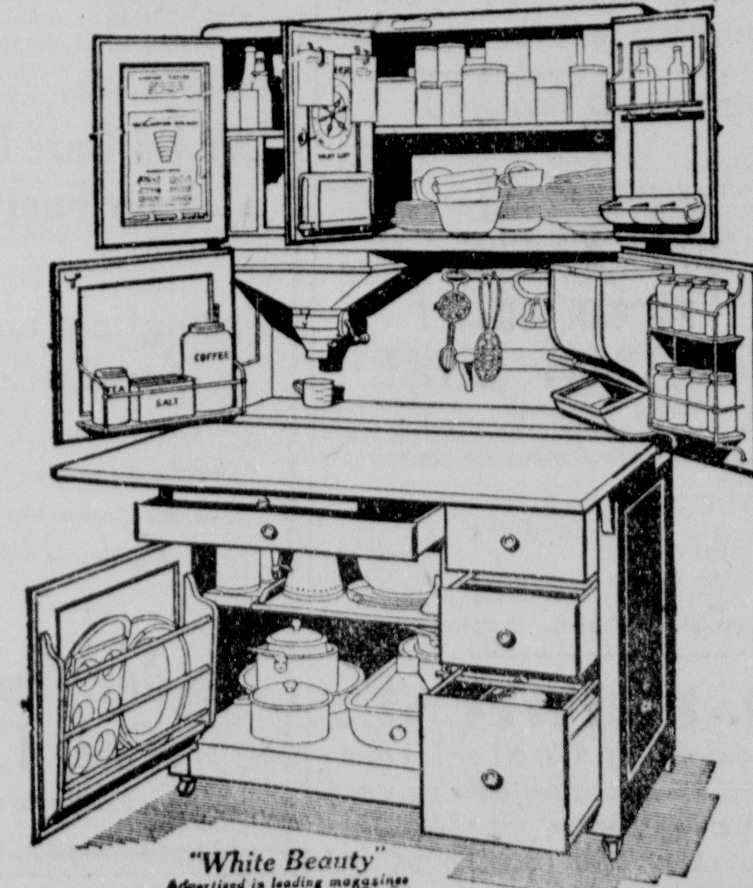

Beginning tomorrow, for one week only, The Hoosier Manufacturing Company permits us to sell the "WHITE BEAUTY" at \$2.50 less than the low cash price established by the Hoosier Company. Regular Hoosier prices are remarkably low. This reduction means an unheard-of bargain. 800,000 Hoosier Cabinets have been sold. "WHITE BEAUTY" is the finest Hoosier made. To double the sale of this one cabinet quickly, the Hoosier Company authorizes this sale in 1000 picked towns. This is truly the chance of a lifetime for a few women only. Our allotment is strictly limited.

SAFE DEPOSIT BOXES

\$3.00 PER YEAR

Less than One Cent a Day.

There are hundreds of people in this vicinity who have become accustomed to using a tin box in which to keep their valuables, who by using one of our SAFE DEPOSIT BOXES will find they are safer, strictly private and more satisfactory in every way. It requires two keys to unlock the box. The customer has one and the bank the other, which is the master key. If you should lose your key, and some one else should find it, it would do them no good, because it would require the master key, which we hold before the box could be opened.

There is no better or stronger vault in the United States, and the rate we pay on burglary insurance, which we carry, is the lowest in the country.

Social Activities

Seniors of Woman's College Given Dinner.

President and Mrs. J. R. Harker gave a dinner last night at the college in honor of the members of the senior class. The decorations were in keeping with St. Patrick's day and a splendid five course dinner was served, hand painted place cards appropriate to the occasion being used. The guests of honor were Mrs. Hartmann, Miss Gieckler, Miss Knopf, Prof. and Mrs. Henry V. Stearns, Miss Mary Anderson, class officer, Miss Mothershead and Miss Walker. Mrs. Hartmann sang a group of Irish songs and Miss Gieckler gave three Irish selections. Prof. Stearns added to the entertainment by several Irish numbers on the Victrola. In the guessing contest held first prize was won by Miss Helen Dinsmore and the consolation prize went to Miss Winifred Burmeister.

The members of the senior class follow: Winifred Burmeister, Helen Dinsmore, Lucile Reinbach, Audrey Berryman, Effie Theobald, Mary Louise Powell, Geril Hess, Irene Crum, Josephine Ross, Helen Munson, Dorothy Stevens, (art), Ina Berryman, (voice).

Entertainment at Liberty Hall.

Over five hundred people were present at the entertainment given at Liberty hall last evening by the Catholic Ladies' Aid society for the benefit of the parochial school. The prizes at enche were won by Miss Genevieve Selby, Mrs. Drennan and Miss Mary Wheeling, among the ladies and L. Mandeville, Earl Lake and aPrick Quigley for the gentlemen. In the guessing contest prizes were won by Miss Mary Evans and Harry Donnelly. The latter part of the evening was spent in a social way with dancing as the chief diversion. The decorations were exceedingly clever, with shamrock, flags and a large harp of Erin, electrically lighted. Mrs. Marlin Kinney, president of the aid society, was in charge.

Hard-Time Evening at Maple Grove.

A "greenhorn parade" was the feature of a hard-time social given by members of the South Jacksonville Parent-Teachers' association last evening at Maple Grove school, and a prize was awarded for the costume of most extreme design. George Taylor and daughters and Miss Anna Crawley furnished music. Ice cream and cake were served the guests at the conclusion of a brief program. The proceeds went to the treasury of the parent-teachers' association.

George Brown Has 58th Anniversary.

Neighbors and friends to number of twenty surprised George Brown last night at his home on East College avenue in observance of his fifty-eight birthday and all enjoyed a most pleasant evening with games and music. Mrs. Arthur Scott, a daughter of Mr. and Mrs. Brown, was present from Chicago. The friends had provided a handsome remembrance, in the presentation of which remarks were made by J. W. Bowen.

Lynnville Club Entertains Friends.

The Lynnville Household Science club entertained thirty friends at a St. Patrick's party Wednesday evening at the home of Robert Ranton. Colors suitable to the occasion were used in the decorations and during the evening a two-course luncheon was served on tables decorated with

shamrocks, ferns and candles.

Caritas Girls Spend Pleasant Evening.

A pleasant evening was spent by members of the Caritas Girls' club Tuesday at the home of Miss Minnie Goffrey, 327 South Church street, and a number of entertaining games were enjoyed by the company at which prizes were won by Miss Inez McCullough and Mona Weeks. Refreshments were in keeping with St. Patrick's day and shamrocks were used as favors. The next meeting will be held April 13 at the home of Miss Elizabeth Hanning, 200 North Church street.

Progressive Dinner For Bride and Groom-to-be.

Misses Millicent Rowe and Lillian Davis gave a progressive dinner Wednesday evening at the home of Miss Rowe on West State street, in honor of Miss Alice Wadsworth and Dr. Alpha B. Applebee.

The decorations in the parlor were white calla lilies, jonquil, and other spring flowers. In the dining room were green and white flowers. On the large center table was a big basket of white flowers while on the small tables were baskets of spring flowers. Other decorations were in keeping with St. Patrick's day of shamrock and shamrock. Favors in keeping with the St. Patrick idea were given with special favors for the bride and groom-to-be.

The following were the guests present: Miss Alice Wadsworth, Mrs. Helen Brown Reed, Mrs. Paul D. Moriarty, Mrs. Walter Bellatti, Mrs. George Orear, Misses Mary Wadsworth, Edith Jordan, Elson Barnes, Carrie Dunlap, Eleanor Capps, Ethel Wylder, Nell Taylor, Mildred Applebee, Millicent Rowe and Lillian Davis; Messrs. Delta Dancing Club.

A hard-time dance was held at the Peacock Inn last evening by members of the Delta Dancing club, with costumes and programs which carried out the prevailing idea with striking effect. There were twelve regular dances with four extras.

Surprise Party for Mr. and Mrs. Thompson.

Mr. and Mrs. W. C. Thompson, who reside east of the city were given a happy surprise by about forty of their neighbors and friends Wednesday evening, the occasion being Mrs. Thompson's birthday. The friends gathered at the home of Mr. and Mrs. N. E. Boston and went in a body to the Thompson residence. The surprise was complete in every way and the time was spent in music and with various games. Plenty of good things to eat were taken along and the hours proved most delightful.

Miss Katherine Olmsted Speaks at State Street Church.

Miss Katherine Olmsted, public health nurse, spoke at the State street church last night on the open air school and of what it has accomplished thus far. A supper was held at 6:30 in connection with the gathering, the committee in charge being Mrs. C. A. Johnson and Mrs. John L. Johnson. The tables were decorated in keeping with St. Patrick's day, and there was a good attendance.

MEN HAVE NARROW ESCAPE IN AUTOMOBILE ACCIDENT

Were Trying to Avoid Running Over a Dog When Machine Turned Over.

R. B. Sutton and Emery Carter of Chandlerville had a narrow escape Wednesday at their home as the result of an automobile accident. The men were trying to avoid running over a dog when the machine turned over. Both men were brought to Passavant hospital. Mr. Sutton had his arm broken in two places and was otherwise injured. Mr. Carter had a hand badly bruised but was able to return home last night. Dr. Boone of Chandlerville brought the men here in an automobile.

Mr. Automobile Buyer

When you buy an automobile you expect it to look good, run good and stay good a long time, don't you?

It must have plenty of power, be economical in use of oil and gasoline and be easy to drive. You will expect the man that sells it to you to give you all the assistance he can in learning to operate and take care of your machine, thereby avoiding accidents that cause expense and trouble to beginners who have not had experience.

ELECTED A TRUSTEE

OF ILLINOIS WOMAN'S COLLEGE

Mrs. Belle Short Lambert was elected a trustee of the Woman's College to fill the vacancy caused by the death of S. R. Capps, at a recent meeting of the executive committee of the institution.

For many years Mrs. Lambert has been an alumnae trustee, first in 1903 and again in 1909. Her second term as alumnae expires this year. She is the first woman to be elected a regular member of the board outside of the alumnae trustees.

Mrs. Lambert's preference speaks well for her ability and she has been an ardent and enthusiastic worker for the institution. Her many friends will be pleased to learn of the action of the executive committee.

AROUND HOME

Consider Strike on "Q"—Strike of 7,000 employees of the Chicago, Burlington & Quincy railroad was considered at a meeting in Chicago Tuesday of the executive officers of five brotherhoods of railroad employees. The grievance against the railroad has been one of long standing. It was said, it involves the pay of trainmen working what is known as the service period and the discharge of a switchman at Rockford, Ill., a year ago.

Mt. Sterling Woman Burned.—Mrs. Amasa Givens of Mt. Sterling was badly burned Tuesday about noon, when she started to throw some coal-oil onto the coals in the kitchen stove to cause the fire to burn faster. It seems that the fire was not burning well and when she threw the coal oil in, the smoldering flames ignited and caused the oil can to explode and throw the oil. Fire from the flames burned her arms and face, the arms being in very bad shape, while the hair on her head and eye brows was singed by the fire.

Saloon Keeper Murdered.—Barney Perona of Sandoval, proprietor of one of Sandoval's saloons was shot twice near the heart and instantly killed Monday night as he was on his way home from his place of business accompanied by his wife and child. The murder was committed by one or two men who hid themselves in an alley about a block from the Perona home and awaited Perona's homecoming.

School of Instruction.—A school of instruction for ticket agents to a Springfield, Carlinville, Lincoln, and other points along the route of the Chicago & Alton railroad was held in Springfield Wednesday, and the purpose of the school is to eliminate confusion in rates. In the past several months the interstate commerce commission have each been making changes and requiring new rates.

Campaign Against "Cribbing."—"Sloopy" Chapman, picked as guard of the all-American football team, is heading a campaign against "cribbing" in examinations at the University of Illinois. Every athletic captain also has signed an urgent request to high school students that those who cannot abstain from cheating do not try to enter the university.

Kicked by Horse.—Newton Thompson, a prominent Mason City farmer, lies in a critical condition at his home after being kicked in the back of the head by a horse at his home Monday afternoon. His skull may be fractured. Mr. Thompson was working about the barn when he was injured. After being kicked, he was able to drag himself into the house and soon lapsed into unconsciousness which lasted several hours.

The New Footwear Styles for Spring

It is time to begin thinking about footwear for spring. The weather is getting settled and the nice sunshiny days make those winter shoes look heavy and clumsy.

BIDS ASKED FOR STATE AID ROAD CONSTRUCTION

Highway Commission Purposes to Let Contract for Work in Morgan County.

Judging from the fact that the state highway commission is asking for bids for the construction of a portion of state aid road on the south route between Jacksonville and Springfield, there will be something done in this matter this season. Several months ago after the Morgan county board had designated the Morton avenue road for the first state aid work and the decision had been approved by the state highway commission, engineers were sent here to do the surveying work and take the necessary measurements.

Nothing more has been heard of the matter since that time until the request for bids, which are to be received until 11 o'clock Wednesday, March 31st, at the office of the state highway commission in Springfield. The proposed road will begin at the east limits of the city and extend in an easterly direction for a distance of 4.468 feet.

The engineers' estimate for the work is \$10,529.21. The specifications are on file not only in the office of the highway commission but of the county clerk here. The estimate for quantities which will be required for the contract are as follows:

3,560 cubic yards of earth excavation.
20.7 cubic yards of reinforced concrete in culverts, bridges and walls.

35 cubic yards of plain concrete in culverts, bridges and walls.
5,957 square yards of earth shoulder.

8,936 square yards of concrete pavement.

The engineers' estimate excludes the value of such materials and equipment as will be furnished by the state. While there are some people who believe that the hard road for Illinois is still in its experimental stages, the great majority will welcome the fact that an experimental road is to be built here by the state. This will result in bringing the whole problem of road improvement closer to home and will at least form a beginning of hard road territory in the county. This will in no manner interfere with the work of many farmers who

are planning for road oiling this season, as it is very evident that no large amount of hard road work can be done until a good many years have elapsed.

INTER-CLASS INDOOR MEET TO BE HELD IN ARMORY

Students of Illinois College to Play Finals of Week's Contest.

The various classes of Illinois college are busy each afternoon preparing for the interclass indoor meet which will be held in the Armory Hall on next Saturday night. This afternoon and tomorrow afternoon each class will hold tryouts in order to determine its representatives in the various events. In the junior, sophomore and freshman classes competition is strong. Whipple Academy enters one team and with a large number of men to pick from the Whipple team should make the college teams hustle.

The events to be contested are: 30 yard dash, 30 yard low hurdles, standing high jump, running high jump, standing broad jump, shot put, human race, wheelbarrow race, potato race, throwing medicine ball, and throwing the javelin. Competition in throwing the javelin will be held on the college athletic field on Friday afternoon. Following the athletic events the final game of the interclass basketball tournament will be held.

In the game yesterday the sophomores eliminated the Whipple team in a fast game by the score of 20 to 18. This afternoon the sophomores play the juniors in the semifinals and one of the two teams will be put out of the race. On Saturday night the undefeated freshmen will play the winner of this afternoon's contest.

CARD OF THANKS.

I desire to tender for the public my sincere thanks of the generous treatment accorded me yesterday on the occasion of my opening. Every effort possible was put forth to accommodate all who called and I ask pardon for any seeming inattention which may have been experienced owing to the great rush of welcome visitors. The force did the best possible to accommodate all and henceforth I shall be ready to serve all with millinery and ready to wear garments.

TRI-CITY DEBATE IS FRIDAY NIGHT

TEAMS ARE READY FOR FOREIGN CONTESTS.

Jacksonville's Negative Team Goes to Springfield and Affirmative Team Debates Quincy Here—Judges Have Been Named.

All is in readiness for the debate between Quincy high school and Jacksonville high school Friday evening. The local affirmative team remains at home and the negative team goes to Springfield. The question for discussion is, "Resolved: That the parcel post should be extended so as to include the entire express service of the United States." The affirmative speakers are: Otto Phelps, Ila Ferreira, Ruth Fenstermaker. These speakers in rebuttal will follow this order: Ila Ferreira, Ruth Fenstermaker and Otto Phelps.

The question of the extension of parcels post so as to include the express service is strictly a live topic. It is strictly a modern question inasmuch as the parcels post was not inaugurated until the first of January, 1913. Although the parcels post has been in existence two years, nevertheless the entire history has been one of extension. The country is face to face with the problem of further extending this service.

The Jacksonville team will argue that this system should be extended. They will present convincing arguments to the public and the three judges.

Judges for Debate.

The gentlemen selected to judge the Quincy-Jacksonville debate are Supt. J. O. Engleman, of the Decatur public schools; Supt. Clyde Stone, of the Virden public schools, and Hon. H. H. Montgomery, of Carrollton. The local high school principal wishes it understood that the similarity of name of the Virden judge to his own does not indicate any relationship. The fact is that the Jacksonville principal has never met the Virden gentlemen.

To Speak in New Building.

In order to accommodate the enthusiastic crowd which is expected to support our high school, the committee has decided to hold the debate in the auditorium of the new David Prince building. It will be of interest to the public at large to now note the beauty of this auditorium. New red curtains have lately been placed at the front of the auditorium. The speakers can be heard very distinctly in all parts of the auditorium. A crowd of seven hundred rooters is wanted on this occasion.

The Quincy team will arrive here this evening. Jacksonville negative team at Springfield will consist of Helen Harnoy, Earl Priest and John Martin. The order for rebuttal is the same as for the main speeches.

Prin. F. D. Thomson reports that two of the three judges are already selected. He states that O. L. Manchester and a professor from Blackburn college have been selected. The St. Nicholas hotel will be the headquarters for negative team in Springfield. The alternate is Gladys Ferreira. The timekeeper for Jacksonville will be Byron Carpenter. The chairman of the evening has not yet been selected.

Enthusiastic Meeting.

Wednesday afternoon at the regular high school assembly, the entire group of debaters appeared and made speeches. The enthusiasm of the student body was as great as at any period before a football or basketball game. This speaks well for a large and interested crowd Friday evening at the David Prince school.

Mr. Fred Goodrick will furnish music before the debate and during the decision of the judges. He promises the high school orchestra with two very fine selections from a late comic opera.

A TIME TRIED STORE.

The many callers at the well known millinery store of L. C. & R. E. Henry yesterday showed that people are slow to forget old friends for new ones. This firm has been in business a long time and each year has seen its lines increase and its trade extend and the many who called there yesterday proved that the Henrys are at the front as usual.

NEW MECHANIC AT BABE'S.

H. E. Burns of Muncie, Ind., has taken a position in the Babb garage in charge of the repair department. Mr. Burns is one of the most skillful mechanics this city has known and will be remembered by many motorists here because of his connection with the Jacksonville Automobile Co. garage several years since. While thoroughly versed in mechanical matters along general lines, Mr. Burns has special knowledge of automobiles.

Hillerby's opening continues until Saturday. Same attractions for Thursday and Friday. Safest Place to Trade.

WILL WED TODAY.

The marriage of Miss Gertrude Ray of Virginia and Mr. Ralph Marigold of Mason City will be solemnized at four o'clock this afternoon at the home of Miss Ray's sister, Mrs. J. W. Litter, 1326 West State street. Miss Ray who is soon to complete a successful year in teaching near Mason City belongs to a well known Cass county family. Mr. Marigold owns a large farm near Mason City where the new home is to be established.
